Activity Report on World Wetlands Day Academic Year 2021 - 22

Co-coordinator/ Incharge Mr. S. B. Patil Time/Course duration Activity for class /group Beneficiary No. Nature: Co-curricular/ Extra co-curricular/ Academic Brief information about activity World Wetlands Day, celebrated annually on 2 February, aims to raise global awareness about the vital role of wetlands for people and planet. This day also marks the date of the adoption of the Convention on Wetlands on 2 February 1971, in the Iranian city on Ramsar. An online webinar on understanding mangroves was held at the same time, and the guest speaker was Dr. Mehboob Nadaf who works as a mangrove ecologist at the Mangrove Foundation in Mumbai, organised by the science association in collaboration with the department of zoology. During his speech, he discussed who works done by the government to promote mangrove conservation. The purpose of this study is to teach young people about wetlands protection. Wetlands are incredibly important and sensitive ecosystems that support a diverse range of plant and animal life They are also biodiversity hotspots that support a diverse range of plant and animal species in their environment. The destruction of wetlands, whether via the construction of landfills or consequence, World Wetlands Day has grown into a very important occasion that serves to remind people of the need of protecting outleands. Dutcome of the activity This day honors the good impact that wetlands have had on the globe, as well as the importance of bringing people together for the benefit of Mother Nature. This day also promotes our students and participants awareness since wetlands play an important part in people's lives as well as the environment.		Academic Tear 2021

Respected sir,

It gives me pleasure to invite you as a guest speaker to address our participants on the occasion of World Wetlands Day - 2022. IQAC, Science association & Nature club is going organise National Webinar on the topic of "Understanding of Mangroves". So please accept our invitation and share your precious thoughts with our participants.
