

FOLLOWING ARE THE WEBSITE ADDRESS OF WORLD-WIDE AVAILABLE DICTIONARIES

- 1) <https://www.grammarly.com/> As its name implies, Grammarly is a free or paid online editing application that also functions as a grammatical dictionary. The paid version improves all those features across every online word document you are writing on, be it emails, blog posts, or social media posts. While the free version allows you to quickly check for grammar issues and rephrase incorrect sentence structures, it does not offer all of those features. More than 250 different typos and phrase faults can be fixed with Grammarly. The writers who spend the most of their time writing online should utilise Grammarly. Therefore, for the best written product, be sure to run a large collection of blog posts using Grammarly.

[2. Rhymezone](#)

It is unquestionably among the best and most well-liked dictionaries now available online. Although it is incredibly quick and simple to search words, it offers much more than that. You can discover homophones, antonyms, and even synonyms. Additionally, it works incredibly well while composing both poetry and prose. When a term is input, it has the capacity to retrieve images, documents, and multimedia relating to that word. Rhymezone can be configured to automatically carry out your most often utilised tasks.

[3. Google Translate](#)

Google Translate, which is pretty much obvious from its name, is the kind of dictionary you need to always have open in case you need a rapid translation for a word you just learned that is in a different language. If you're a writer who enjoys travelling for inspiration, Google has created a dedicated app for the dictionary that allows you to translate words and sentences while you're on the go. Speech translation, text-in-image translation, and language translation from any other app or text are all cool features.

Consider writing for a regional audience. It is common knowledge that creating a more personal connection with your readers requires using their language and using colloquial words. If you need assistance translating a term from English to your local tongue, Google Translate is the best dictionary to use.

[4. The Free Dictionary](#)

You can quickly establish The Free Dictionary as your go-to resource for all things witty. It is one of the most intricately constructed online dictionaries currently available. The Free Dictionary also keeps you entertained with fun word builder games and real-time word searches. The Free Dictionary is packed with many word search possibilities, including a thesaurus, foreign languages, Wikipedia searches, synonyms, acronyms, idioms, and phrases.

You can sign in to the website using your email or social media account if you want to utilise this dictionary to the fullest degree possible. Once logged in, you can alter the material on your home page to suit your preferences and writing style.

[5. Thesaurus](#)

A supplement to one of the most expert online dictionaries, dictionary.com, is thesaurus.com. Every term in the English language has a thesaurus that displays all potential synonyms, antonyms, and related words in a very neatly designed User Interface. Even a brief Did-You-Know section that explains the word's etymology is included.

When you find yourself using the same term again throughout a series of paragraphs, it is useful to consult a thesaurus. You can read, comment on, and interact with the blog posts in the dictionary to learn more about the wonders of the English language.

[6. Wordnik](#)

Wordnik is a non-profit organisation that is constantly updating and refreshing with new terms in the English language, making it more than just another very large online dictionary. Every term has more than one definition provided by Wordnik; these definitions come from a variety of reliable sources, including news articles and well-known wordsmiths. Additionally, each definition is graded according to how accurate and helpful it is. Every word has its own visual and auditory definition that you may view and hear.

When you sign in to Wordnik, you join their large community and have access to forums, newsletters, and a Wordnik profile page where you can keep all of your favourite stuff.

[7. Urban Dictionary](#)

One of the weirdest and most unique dictionaries on the internet, Urban Dictionary is not your typical dictionary. The Urban Dictionary provides meanings for all different types of pun words and slangs, some of which are absurd and others of which are downright obscene. Everyone is welcome to use the dictionary, and users can even vote on whether or not a certain user-generated word should be added. Even a dedicated online store for Urban Dictionary allows you to buy common products and imprint amusing words and their definitions.

When producing a novel of fiction or humour, Urban Dictionary is best employed. Every definition of every term is accompanied by a phrase example that will make you laugh out loud at first glance.

[8. Merriam-Webster](#)

If you've never used the expression "Merriam-Webster defines," you most likely haven't dabbled in literature. One of the most well-known and respected dictionaries in America, Merriam-Webster also boasts one of the biggest internet communities today. The dictionary is a great resource for learning new terms as well as finding literary inspiration.

If you are a beginning writer looking for some advice before you begin your novel, we suggest using the Merriam-Webster online dictionary.

9. Netlingo

Over time, sentences and phrases tend to get recycled and fragmented; this was especially true during the SMS era, when words had to be condensed to suit the character limit. With terms being changed and novel jargons being created every day thanks to the internet, this has reached a whole new level. The ideal dictionary to utilise is Netlingo in order to stay up with the Internet's constantly expanding vocabulary. Every day, new online-specific phrases are released, and everything from Internet slang to it is updated.

Do you spend the majority of your time producing blog posts or social media updates? To keep up with the verbosity of the Internet, download Netlingo.

10. BrainyQuote

A well-organized arrangement based on author and topic is used by BrainyQuote to aggregate and list hundreds of quotations. Additionally, there is an area for the quotation of the day and a field for your own quote. Quotes are available for you to use anyway you like and are updated frequently as new and interesting things are stated.

BrainyQuote is the place to go if you need a quote to motivate yourself to write or are seeking for thought-provoking quotations to use in your book or blog post.
